

# Introducing... **Northern EXPOSURES**

## **"The Last Years of Steam in the North of NSW"**

From Malcolm Holdsworth's **Cadeco** stable, renowned for its quality railway productions, comes this latest 'must have' title. Northern Exposures celebrates the final years of NSWGR steam operations north of Sydney. **Cadeco** has brought together photographers with long and formidable reputations in the field of railway photography – Laurie Anderson, Peter Attenborough, Graham Cotterall, Robert Kingsford-Smith, Ray Love, Shane McCarthy, Greg Triplett and many others.

Divided into chapters based on regional areas, the book starts with the Short North and stretches beyond to the Queensland border at Wallangarra and South Brisbane. This full colour, high quality publication pays tribute to NSW steam in every aspect of daily life. Chapters contain detailed information on steam operations at the time, plus anecdotes and experiences by those who were there. **Northern Exposures** is much more than a photographic essay. It is about reminiscing. It is for everyone who cherishes fond memories of a by-gone era when simply being near a steam locomotive stimulated the senses.

**Northern Exposures** will be sold at The RTM, ARHS, enthusiast bookshops and selected hobby stores. Order your copy now in **a special protective cover** to keep it in pristine condition for just \$75 including free delivery or phone **John Gaydon on 0411 139 312** or **Bruce Mead (distributor enquiries) on 0400 306 606** during business hours or **nex.promotions@gmail.com** for more information.
